**CHAPTER 'W' NEWSLETTER  
FEBRUARY 2020**

**Director's Corner**

**by Eldon & Kerri Mickel**

GWRRA PA-W Family & Friends,

To all GWRRA Members and Friends, Great news, the Groundhog has predicted an early spring, meaning we should be able to ride by July, HaHaHa. Hopefully he is right and we can start to venture out in April, or even earlier for a FEW OF US hard core riders.

17 members of PA-W braved the winter weather and ventured to Carlyn's Cuisine in Windber where we enjoyed an evening of good food and good fellowship. Our next dinner ride was announced last evening. That would take place at Chris and Christie Hull's home on March 8th for a covered dish dinner and a movie. It was suggested that members might need to take some carpentry tools as they are currently renovating their kitchen and this is supposed to be a reveal party. Possibility exists that it could turn into a help Chris get it done party. Either way we are eating that evening at the Hull's.

Upcoming events for February are on Friday the 14th PA-W intends on visiting PA-T in Somerset at their monthly gathering for a RFD point and good fellowship. Our Ice Cream Social will be at the meadows again on Mile Level on Tuesday the 18th at 6:30. Our regular February Gathering will be at Kelly's Scenic View on February 22nd at 9:00. And just like that we will be two months in to 2020.

Kerri and Gary both seem to doing well from their hip replacement surgeries. Nancy Grimm, one of our snowbirds, is recovering nicely from her shoulder surgery. My {Eldon} saga continues with good news that contrary to popular belief, I do have a heart and it's working fine after \$\$\$\$\$ of tests, I told them there was nothing wrong to begin with. I am scheduled again for back surgery on Feb. 24 in Altoona so I would hope everyone would keep Kerri and I in their thoughts. I hope it actually happens this time, I don't think I would go through all the crap again to get it scheduled. Ralph is doctoring for carpal tunnel. He says if they don't do it soon it will wait till fall, he needs to ride. A true motorcyclist at heart. If we miss anyone on health updates we apologize. Let's face it, our group PA-W is getting old, but most of us still love to ride. Motorcycles forever.

If you haven't gotten rooms or registration for the PA Rally, you need to get them done. And don't forget we are going to have a trike course June 20th. If you want to participate in the program please let Chuck or I know because we are going to open the course to other chapters on March 1st. Registrations are being taken for All Chapters West.

Respectively Submitted,  
Eldon & Kerri Mickel  
Directors PA -W

## Today's Funny

### Farmer brings His Pet Rooster to the Theatre:

A farmer decided he wanted to go to town and see a movie.  
The ticket agent asked, "Sir, what's that on your shoulder?"  
The old farmer said, "That's my pet rooster, Chuck. Wherever I go, Chuck goes."  
"I'm sorry sir," said the ticket agent. "We can't allow animals in the theatre."  
The old farmer went around the corner and stuffed Chuck down his overalls.  
Then he returned to the booth, bought a ticket, and entered the theatre.  
He sat down next to two widows named Mildred and Marge.  
The movie started and the rooster began to squirm. The old farmer unbuttoned his fly so Chuck could stick his head out and watch the movie.  
"Marge." whispered Mildred.  
"What?" said Marge.  
"I think the guy next to me is a pervert."  
"What makes you think so?" asked Marge  
"He undid his pants and he has his thing out." whispered Mildred  
"Well, don't worry about it." said Marge, "At our age we've seen 'em all."  
"I thought so too," said Mildred, "But this one's eatin' my popcorn!"

Ever since I have owned a Spyder, I have said a prayer every time I got on it to ride. I have jotted down a version of that prayer which I have included here in my February report. Religiously it is a very general prayer, but it covers many specific concerns for anyone operating any vehicle on the road. I am simply offering this prayer to you if you want it. Basically I have nothing else to report this month.

### A Triker's Prayer

Most merciful God, please ride with us and empower us with the ability to make the appropriate human decisions, reactions and responses to all driving situations to enable us to operate our trikes safely cautiously and alertly. Help us to respect the law and show courtesy to all with whom we share the road.

We plea for your help so that we can avoid those situations beyond our control that could put us in harm's way: mechanical failure, someone else's human error or a natural chaotic event such as wildlife encounter, severe weather, dangerous road conditions or any other volatile situation.

Thank you for your mercy, blessings and care for us as we ride and grant us a safe return home. Amen.

February 2020  
Chapter W M.E.C.

Happy Groundhog Day and this year Punxsutawney Phil is my favorite groundhog of all groundhogs. He told me we were going to have an early spring. Can't you see me doing my happy dance??

Here we are into February, the second month of 2020, already. I guess time just keeps on moving right along. Although, some days it seems to drag, especially when the weather is crappy. You know those dreary, cloudy, gloomy, snowy (or rainy) kind of days. It seems those days steal my pep.

Chapter S hosted a very nice after holiday party. Unfortunately, the weather interfered with the turnout of guests. While we mingled, there were various snacks to pick and nibble on. Our delicious meal consisted of dinner rolls, salad, roast beef, mashed potatoes, gravy, corn, cake and ice cream. There was plenty of food, if anyone left hungry, it was at the fault of their own.

The 50/50 drawing from the party resulted in our Chapter W Christie Hull winning. Alice teased that because she was the one who pulled the ticket, she should get a share of the winnings. It was worth braving the weather, huh, Christie?

Frankly, several of our members traveled the treacherous roads to attend. The drive over was a bit gnarly, but the trip home, the state had taken care of the roads.

There were auction tables set up, and the bidding was done by writing your name on the paper in front of the item and placing your bid. You were in hopes no one else would come up and outbid you. Eldon and Ed auctioned back and forth over a can of unneeded Christmas goodies. Ed finally did outbid Eldon and took home the snacks.

The coveted goodies

Our entertainment was provided by Zupe. He was enjoyable. Thank you Zupe for braving the weather to entertain us.

On January 21, eleven of us crazy enough to go out in very cold temps went for our traditional ice cream run.

Inside the building was very cold, to me. I was shivering the whole time. Yes, I guess, ice cream is more important than warmth. At least this one time. Haha. I had to go home, get into my jammies and bundle up in a blanket to get warm. That's no joke.

Our first gathering of the new year was January 25. Our Chapter has new officers. New Chapter Directors are Eldon and Kerri Mickel and some other positions have been absorbed by other members. Congratulations to all in your new positions.

The discussion entailed some of our plans for the year, reminders about the Couple of the Year Fun Day, the Pennsylvania District Rally, and a little of this and a little of that. Christie encouraged us to put on our thinking caps so we can be prepared to perform a skit at the rally. Chuck also stated that there are still some slots available for the Trike Rider Course. If interested, get in touch with Chuck.

Also, we had a 50/50 drawing and Eldon drew his own winning ticket! Surely it wasn't rigged. \*wink\* Jo done her card game, Mable pulled the ticket, and Kathy found the joker. With Kathy finding the joker she won a whopping \$166.50! She was shocked, and I think JoJo was too. WTG, Kathy. Now we start all over. At our gatherings, Linda Foor always sweetly presents a nice small gift to each birthday person. She also reads a poem.

To our December birthdays, Mable, Eldon and Christie:

**If cold December gave you birth,  
The month of snow and ice and mirth,  
Place on your hand a turquoise blue;  
Success will bless whate'er you do.**

-- Author unknown

To our January birthdays, Ralph, Kerri, Ed:

**Your birthday always comes as we start another year,  
January is your month; your special day is here.  
It's the middle of winter, most days are cold and dreary,  
So, here's a birthday wish for you that your day is bright and cheery.  
-- Author unknown**

I'm looking forward to our dinner ride to Windber and then the following week after that, visiting Somerset's Chapter. I always enjoy visiting other Chapters.

Surely there is some place any of you would like to ride and visit! Please, please help the Chapter out and come forward with that idea or those ideas. It doesn't matter if it's just a couple of hours, several hours, or even several days to a week. Riding and doing during the summer are enjoyable. We are always welcoming and looking for new ideas. The open road is ours to explore. If the weather isn't trike cooperative then we can always go by four wheels. I know Ed and I are hoping that our trikes are cooperative and that we are looking forward to doing a lot of riding this summer. We plan to try to attend more functions and improve our Roll for Dough points. Won't you come join us? It is an enjoyable memory you can store in the memory bank.

At this time, we'd like to extend well wishes to anyone who is in need. We especially want to send them to Eldon who is patiently cooperating with doctors so that he can get his back surgery accomplished.

With the conclusion of this letter, I'd like to wish everyone a Happy Valentine's Day. Hope your sweeties do something special for you.

Until next month,  
Peggy Grimm and Ed Steele  
Chapter W MEC

Extending good luck to Eldon with his upcoming back surgery on February 24th.  
We continue to keep **any and all** of our members who have a special need, in our thoughts and prayers.

## **Assistant Dist Directors:**

As I'm typing this article for the newsletter, it is such a dreary day outside with a mix of snow & rain at times. I'm sure most of you are ready for SPRING but Mother Nature wants the Groundhog to make that decision for us. So as the Groundhog Day shadow legend goes, if he sees his shadow on Feb 2 there will be wintry weather for the next six weeks (until the start of spring). If he doesn't see his shadow, that means fairer weather is on its way. So let's hope for the fairer weather coming so riding season can begin. Another highlight of February is Valentine's Day which is celebrated with those special people in your life.

Speaking of special people, in MARCH we will be celebrating with couples that have been selected as their Chapter Couple of the Year at a FUN day. It is being held at Trinity United Methodist Church in Clearfield PA on March 14, 2020 from 10:00 am to 4:00 pm.

This is a great time to meet couples from other chapters that been selected to represent their Chapter. It's also an opportunity to learn more about the Couple of the Year program if the couple would decide to participate in the District Couple selection process and of course, HAVE some FUN.

So if you are a Chapter Couple of the Year, Chapter COY Coordinator or Chapter Director, please plan on joining us at FUN day in Clearfield.

Ride Safe and Have Fun!

## **District Trainers:**

### **Hello Fellow Goldwingers**

Training: Another major Training Opportunity is only a few months away and that's our **Pa District Rally** in Altoona. That means it's time to put the **Rally Training Schedule** together. While trying to determine what training to offer this year, we decided to ask for some **HELP**, and who better to ask than our officers and active members? **So here goes:** Please ask your Chapters and Team members what Training they would be interested in attending at this year's **District Rally**. It's our goal to provide the most requested training that is important and beneficial to our members. Please check out the available Training listed on the District Website home page under the **"Training"** button. You might be surprised by all the changes to the Training program in the last couple years. Please let us know the results of your surveys as soon as possible so we can use that information to put a draft Rally Training Schedule together before the District Officers Conference in April. All requests are welcome by e-mail ([gbvanart@msn.com](mailto:gbvanart@msn.com)) or phone (570-764-1279).

Please Promote and Support the Training programs within your Chapters. We need your help and participation to make the most of our Training program. With the help of the **GW University Instructors** we'll do our best to make the training both **Informative** and **FUN!!!**

## PA DISTRICT EDUCATOR

Hi Everyone:

Some of us are starting to think about getting out on the road again.

Since we are closing in on the 2020 riding season and most of you are working on getting your bikes ready to go, we need to start to refresh ourselves on the procedures that we will be using this riding season.

### SAFE PASSING

Think about what the other driver might do and what you should do when you pass. When you must pass another vehicle, Motorcycle operators offer these safety tips:

Look well ahead, especially on a two-lane highway.

Leave enough room to pass safely and don't assume that oncoming traffic will slow down for you.

Make sure that you are in a legal passing zone and above all else, check the yellow centerlines and look for "No-Passing" signs.

Be certain that you have enough distance between you and any on-coming traffic to safely pass the vehicle in front of you. You will have to exercise caution here and briefly ignore the two-second rule as you move your vehicle into a passing posture. Although you will not be using the two-second rule, weather conditions, road surfaces, terrain and traffic will play an important part in determining your safe following distance as you begin your passing maneuver.

Communicate with other road users. Use your turn signals to alert others of your intentions.

Check your blind spots! More often than not, other road users (vehicles) have a tendency to linger along-side motorcycles.

Look in both mirrors and make a head check before you move to avoid cutting off another vehicle or running it off the road.

Make your pass quickly, but do not exceed the speed limit. If you must travel over the speed limit, the pass is illegal and unnecessary.

Once the passing maneuver is complete, signal you return to the right lane and don't slow down! Give the vehicle behind you plenty of room. If you have to slow down, this could irritate the driver behind you and may also be another sign that you passed illegally.

If you are riding in a group, the same rules above apply except that when the leader decides that a pass is necessary he should notify the tail gunner to secure the lane and when notified by the tail gunner that the lane is secured the entire group on the leaders signal should move out into the passing lane, make the pass and when the tail gunner reports to the leader that he has cleared the vehicle being passed return to the travel lane in the same manner.

**Passing is one of the more dangerous maneuvers in motorcycling and should not be taken lightly.**

Again, we encourage everyone to get involved in the Rider Education program to improve your riding skills and knowledge so that you and your passenger enjoy the ride and return home safely.

Remember, ATGATT.

Ride Safe and Ride Proud.

## **GroupWorks – The Big Picture**

As Officers, considering that we share information on websites, District/Chapter emails, Newsletters, and Social Media, we are probably wondering why we added the GroupWorks Platform as another communication distribution tool.

Our email lists should contain addresses of all GWRRA Members. In reality, over time, we just may be emailing those Members who we see on a regular basis. At the Chapter level, we tend to create a roster of those we see. For those who do not participate at a Chapter or District level, we will never see them for sure if we don't include them in our distribution information.

GroupWorks is an information platform that handles duties such as communications and event scheduling simply and easily so group leaders and Members can spend more time doing what they love. Thousands of people describe GroupWorks as a game changer that has enhanced Member engagement, improved communications, and streamlined event management. GroupWorks gives us the opportunity to email everyone who chooses to be part of the list.

GroupWorks has multiple ways for Group Leaders and individual Members to easily communicate through group emails, posts, and comments. We give the Members control over who can view their posts and how often they receive email.

Some Districts and Chapters are using GroupWorks with much success while others are less enthusiastic. The lack of enthusiasm may come from the feeling that I do not want to post on another email distribution platform.

While Sherry and I encourage you to give it a try, it will certainly be your choice. If you need a better understanding of how it works, let me know and we can get you all kinds of assistance.

It is important to understand "The Big Picture," reach as many of our GWRRA Members as possible.

Ride safe; be well. And, as always, remember that fun shall be the last word—so HAVE FUN!

Friends for Fun, Safety & Knowledge

**"GoldWingers Got Talent"** has been so much FUN during the past two rallies.  
We are bringing it back!

**Where:** Altoona Grand Hotel - ballroom  
**When:** Friday, May 15, 2020 after the ice cream social  
**What:** Any skit, song, dance, musical instrument, any special talent  
Any favorite act from past rallies to keep with this year's theme  
Of course new acts are welcome!  
**Rules:** Are simple.  
Family Oriented, Non-Political, Non-Religious, Non-competitive - That is it!

A sound system is available if you need music and/or a microphone. The stage is 8' deep by 24' long with about one step to get on and off. And please keep your act to about 5 minutes to give everyone an chance to participate.

This is a great opportunity to get your chapter involved in something just for FUN. Use this winter to get together and make your chapter a part of the rally. The act can be one person, multiple people or your whole chapter. The more the merrier!!!

Every chapter with someone taking part in the show will be entered to win a Dairy Queen gift card to be drawn at the end of the show. The gift card will be awarded to the Chapter.

Dust off those old costumes or put on your thinking caps; plan an act to entertain your fellow Gold Wingers. Let's all work together to make this year's show spectacular!

If you have questions or plan on being part of the show please contact us at [rchull275@gmail.com](mailto:rchull275@gmail.com) or call us at 814-766-2286. Or we will be reaching out (bugging you) to hear about your plans to participate.

We are looking forward to a fun filled evening with all of you!
